

ECVS 2014 – Copenhagen. LA Workshops

Workshop 1: Respiratory surgery

Date and Location

- 2nd of July 2014 – 8-30 to 17-00
- Large Animal university Hospital (IPH), Agrovej 6, 2630 Taastrup, Denmark

Program and aims of the course

This workshop is intended for ECVS/ACVS diplomates, practitioners specialized in surgery and residents. The aim of this course is to acquire and/or improve surgical skills related to Tie back, Tie forward and laryngotomy procedures. An update of dynamic upper airway evaluation will be also presented.

Time	Title	Type	Instructor
08.00-08.30	Registration & Coffee		
08.30-08.35	Welcome and introduction		
08.35-10.00	Dynamic upper airway evaluation using HSTE or DRS	Lecture	E Strand
	Practical use of DRS	Presentation	
	Tie-back – standard technique	Lecture	J. Boening
	Tie-back – modified technique	Lecture	J. Boening
10.00-10.20	Coffee Break		
10.20-12.30	Procedures through laryngotomy – first intention healing –	Lecture	J. Fjeldborg
	Tie-Forward – standard technique	Lecture	F. Rossignol
	Tie Forward – modified technique (metallic implants)	Lecture	F. Rossignol
	Alar fold surgery (standard technique and standing Ligasure technique)	Lecture	Strand/Rossignol
	Clinical cases	Discussion	
12.30-13.30	Lunch		
13.30-15.30	Tie- Back / Tie Forward	Wet Lab	ES/JB/FR/JF
15.30–15.50	Coffee break		
15.50-17.00	Laryngotomy – ventriculo-cordectomy (Alar fold resection)	Wet Lab	ES/JB/FR/JF
17.30	Bus departure to Bella Sky hotel		

Number of participants:

- Delegates: 24
- Instructors: ES, JB, FR & JF
- Organization: A. Tnibar, C. Mespoules, Stine Jacobsen, 1 technician, 2 students.

Course fee:

Proposed Course fee: 750 euros (Céline & Fabrice proposed 850 euros)

Workshop 2: Ophthalmology

Date and Location

- 2nd of July 2014 from 8,30 to 17,00
- Large Animal university Hospital (IPH), Agrovej 6, 2630 Taastrup, Denmark

Speakers

Prof. Dr. Dennis Brooks Dipl ACVO (USA)

Dr. Brooks is the Ophthalmology Service Chief for the Department of Small Animal Clinical Sciences at the University of Florida College of Veterinary Medicine. He holds his DVM degree in veterinary science from the University of Illinois in Urbana, 1976-1980 and residency at UF, 1981-1985. He holds a PhD in Glaucoma from UF in 1987 and is a diplomate of American College of Veterinary Ophthalmologists board certified in 1984. His research interests include corneal transplantation in horses, eye problems in horses and glaucoma in all animals.

Dr Magda Grauwels Dipl ECVO (BE)

Dr Richard McMullen Dipl ACVO, Dipl ECVO (DE)

Program and aims of the course

This course is intended for surgical diplomates and residents. The aim of this course are to acquire and improve surgical skills related to disorders of the equine eye and adnexa. A particular focus will be placed on correct technique, instrument choice and handling. The following topics will be covered:

- Indications and correct placement of a tarsorrhaphy (R.McMullen)
- Indications and placement of a subpalpebral lavage system (R. McMullen)
- Correct suture techniques for eyelid lacerations (M Grauwels)
- Indications and Surgery of the third eyelid (R. McMullen)
- Surgery of the lacrimal duct / lacrimal points (M. Grauwels)

- Surgery of the cornea: keratectomy, conjunctival flaps, amnion grafts (D. Brooks)

Time	Title	type	who
Day 1			
08.00-08.30	Registration		
08.30-08.40	Welcome and introduction	theoretical	
08.40-09.40	Surgery of the Cornea	theoretical	DB
09.40-10.00	Surgery of the third eyelid	Theoretical	RM
10.00-10.20	Coffee Break		
10.20-10.50	<ul style="list-style-type: none"> • Indications and correct placement of a tarsorrhaphy • Indications and placement of a subpalpebral lavage system 	Theoretical	RM
10.50-11.30	<ul style="list-style-type: none"> • Correct suture techniques for eyelid lacerations • Surgery of the lacrimal duct / lacrimal points 	Theoretical	MG
11.30-12.30	Live demo of techniques	Theoretical	DB/MG/RM
12.30-13.30	LUNCH		
13.30-15.30	Wetlab	practical	DB/MG/RM
15.30-15.50	Coffee break		
15.50-17.00	Wetlab	Practical	DB/MG/RM

Logistics

Number of participants:

24 delegates + 3 speakers + 2 student helpers + 1 technician + DV = 31

General

- **Workshop fee: 650 euros**
- Registration in main area
- Theoretical : undervisning 1 08.30-12.30
- Practical: surgical skills lab blocked from 1/07/2014 to 3/07/2014 full day / Alternatively Stable F. To be seen what provides most space and optimal setup
- Breaks:
 - Morning coffee main area 08.00-08.30
 - Break 1 main area: 10.00-10.20
 - Lunch main area: 12.30-13.30
 - Break 2 main area: 15.30-15.50
- **Materials**
 - 48 globes
 - 12 heads for 3rd eyelid
 - Cadaver heads total xx

Workshop 3: Back ultrasonography

Date and Location

- 3rd of July 2014 – 8-30 to 12:30
- Large Animal university Hospital (IPH), Agrovej 6, 2630 Taastrup, Denmark

Program and aims of the course

This course is intended for ECVS/ACVS diplomates practitioners and residents. The aim of this course is to acquire updated knowledge on back ultrasonography.

Time	Title	Type	Instructor
7:30	Bus departure from Bella Sky Hotel		
08.00-08.30	Registration & Coffee		
08.30-08.35	Welcome and introduction		
08.35-10.30	Ultrasonographic diagnosis of axial (pelvis, back and neck) problems in horses.	Lecture	JM Denoix
10.30-10.50	Coffee Break		
10.50-12.20	Ultrasonographic examination of the pelvis, back and neck	Demo	JM Denoix
12.20-12.45	Lunch		
12.45	Bus departure to Bella Sky hotel		

Number of participants:

- **Delegates: 30**
- **Instructor: JM Denoix**
- **Organization: A. Tnibar, M. Christophersen, 1 technician, 2 students.**

Course fee:

Proposed Course fee: 350 euros
