### Tracheal, Urethral & Ureteral Stenting Lab - 4 hrs

Thursday, 13 July 2017, 08:00 - 12:00

**Sponsored by Infiniti Medical**

**Title:** Small Animal Surgery

**Course type:** Lecture & practical

**Content:** Lectures and hands-on dry lab covering applications of tracheal, urethral and ureteral stenting.

**Objective of practical:** The goal of this section is to introduce the participants to the equipment and techniques necessary to perform these procedures. The lecture will present indications, proper patient selection and follow-up care in patients. Case examples will be used to elaborate. A hands-on lab will follow in which participants will have opportunity to familiarise themselves with the equipment & place stents in a dry-lab format.

Following completion of the course, attendees should feel confident with these procedures & have an understanding of their various applications.
