I-Loc® IM Fixator Workshop - 4 hrs

Wednesday, 4 July 2018, 13:00 - 17:00

Sponsored by BioMedtrix

Title: Small Animal Surgery

Course type: Lecture & practical

Description:

Participants of this course will have the opportunity to become familiar with the I-Loc® IM Fixator for standard sized breeds. Principles of interlocking nailing in a variety of long bone fracture configurations as well as correction of angular limb deformities will be described. The evolution of interlocking nail designs with an emphasis on the concept of angle-stable centromedullary fixation will be discussed. Detailed surgical techniques for open and closed fracture fixation using the I-Loc system will be demonstrated, followed by a dry-lab with extensive hands-on fracture reduction and fixation. A report of clinical results and expectations will conclude the course.

Agenda

13:00-13:15	Welcome and introduction, attendee introduction Workshop objectives
13:15-13:45	Product research and testing
13:45-14:05	Surgical technique Animation video and tibial fracture
14:05-14:15	Break
14:15-14:30	Clinical use of I-Loc nails
14:30-16:30	Sawbones lab
16:30-17:00	Discussion and end of lab

Lecturer: Loïc Déjardin, DVM, MS, DACVS, DECVS

Number of participants: min. 12, max. 16

Participation fee (€) before 31 May 2018:
Diplomates and non-members: 680 €. Residents: 510 €

after 31 May 2018:
Diplomates and non-members: 780 €, Residents: 585 €
