

28th Annual Scientific Meeting

July 4-6, 2019

Budapest Congress Centre BCC
Budapest, Hungary

European College of Veterinary Surgeons

Sok szeretettel üdvözljük az ECVS kongresszus résztvevőit először Magyarországon!

We are delighted to welcome all of the ECVS congress participants for the first time in Hungary – to the heart of Middle Europe – to Budapest!

Budapest has a lot to offer. Museums and galleries, churches and synagogues, palaces and historic buildings, thermal and Turkish baths and pools are presented together with the influence of Secession in the city. Budapest is famous not only for the monuments reflecting its own 1'000-year-old culture, but also for the relics of others who settled here. Remains from both Roman occupation and much later ruled by the Turks can still be seen in the city. After the Ottoman Empire the union with Austria has a particular influence on the city's form and style. The capital has two sides, Buda and Pest, stretching along the banks of the Danube, representing two different characters of the city.

The Budapest Congress Centre is located directly adjacent to the Novotel City Budapest on the Buda side and will provide a great venue for this year's outstanding scientific programme, incorporating internationally renowned speakers with many new aspects and exciting topics.

Near the congress centre you have the Gellert Hill, the Buda Royal Palace with the spectacular Mátyás Church and a beautiful view over Pest from the Fishermen's Bastion, many places to collect unforgettable and romantic memories. The Chain Bridge and the Margaret Island, also many other lovely places to visit near our ECVS congress centre. The dynamic Pest side boasts the largest spectacular parliament building in Europe, riverside promenades, flea markets, bookstores, antique stores and café houses. The Andrássy Avenue, the Opera House, the City Park

surrounded by the Heroes' Square and the Vajdahunyad Castle together with the permanently renewed unique Budapest Zoo on the other side of the Park are also many exciting and beautiful places to visit, if you come to Budapest.

One of the oldest Veterinary Faculty of Europe will host the equine and small animal ECVS pre-congress workshops in Budapest. The small animal clinic is located in the main campus of the University near the East Railway station. The equine clinic moved to the south-east of Budapest nearly 20 years ago, offering a nice quiet place together with singing-bird populations for students and horse owners near the Liszt Ferenc Airport.

Hungarian cuisine has influenced the history of the Magyar people, and vice versa. You must try some of our special dishes, like the delicious Gulyás Soup, Pörkölt or Halászlé, Csirkepaprikás among many others, together with tasting our high quality Hungarian wines ("Egészségedre") and finishing your Friday dinner with some special Hungarian desserts, like Somlói Galuska, Gundel palacsinta, Aranygaluska or Császármorzsa.

We hope you thoroughly enjoy all aspects of the congress and your stay here with us in Budapest.

The local organising committee:
Tibor Németh and Gábor Bodó

The Endo-i® Range

Cost effective, reliable, portable and convenient

The Endo-i® Veterinary Endoscope has been designed specifically for today's veterinary community. Our innovative scopes allow you to unplug from antiquated, wired endoscopy systems.

Endo-i® challenges the traditional veterinary endoscopic market. It offers vets a portable and intuitive endoscopy system for small and large animals without compromising on quality or functionality.

It's **lighter** weighing 10kg in its robust yet portable case filled with all the peripherals you and your Endo-i® need to perform a successful examination.

It's **brighter** at 26 lumens the Endo-i® light source is impressive and automatically adjusts according to the body cavity you are examining, but it doesn't end there! The image you see on the tablet and the one you capture (either static or moving) is HD resolution so no more grainy images.

It's **smarter** it works harder so you do not need to. Not only do you have a high performing endoscope but with its intuitive app technology and tablet included in the price it offers image and video capture in HD, which can be added to your patient information management system or stored in the cloud.

Endo-i® Small Animal

Available in 1m and 1.5m for diagnostic procedures on dogs, cats and smaller mammals

Endo-i® Airways

Ideal for upper and lower airway examinations of horses and large animals

Endo-i® Gastroscope

Ideal to assist in the diagnosis of common stomach ailments in horses and large animals

We offer a line of supporting accessories and consumables

Congress App

The congress app is available for iPhone and Android. Search for **ECVS** in the App Store or Google Play and download **ECVS Budapest 2019** to your device.

The app puts your personal schedule right there at your fingertips and provides you with always the latest programme updates, extra information, an interactive map for easy navigation around the congress centre and the chance to connect with other delegates.

You are encouraged to rate speakers and sessions and leave comments using the app's feedback functions.

Scan to download

Two white smartphones are shown against a dark blue background. The phone in the foreground displays the app's 'Activity Stream' screen, which features a header for the '28th ECVS Annual Scientific Meeting' (4-6 July 2019, Budapest, Hungary) and a 'Sign Up' button. The phone behind it shows a menu with options like Search, Activity Stream, People, Favorites & More, Speakers, and Map.

Scan to download

A smaller QR code is located on the right side of the blue background, also for scanning to download the app.

General Regulations

Accreditation: Accreditation varies from country to country.

Intellectual property: Congress materials, presentations, and case studies are the intellectual property of the presenting authors. All rights are reserved.

Recording, photographing, or copying of lectures is absolutely forbidden. Participants violating intellectual property will be dismissed.

The ECVS reserves the right to film, photograph, and audio record during their events. Participants must understand that in this context they may appear in these recorded materials. The ECVS assumes participants agree that these recorded materials may be used for ECVS marketing and other purposes, and made available to the public.

Security: Wearing of a name badge is compulsory to enter the conference venue and lecture halls.

No insurance: The ECVS does not take out insurance to cover any individual against accidents, theft or other risks.

Mobile phone use: Mobile phone use is not allowed in the lecture halls and in other rooms during lectures. Please be considerate of others by turning off your phone.

Dress code: Casual.

Programme for Partners

Please make your reservations directly online or contact the ECVS Office for further assistance.

Friday, 5 July 2019 - Excursion to Lázár Horse Farm (half day)

min 20 persons^{*)}

EUR 75,-

(incl. transfer, entrance fees and lunch)

The Lázár Equestrian Park is situated 35 kilometers from Budapest, in the very heart of the hills of Gödöllő. This enterprise, which has been dreamt up and realised by the horse driving world champion Lázár brothers, combines the atmosphere of Hungarian villages with that of a horse farm of European standards and with outstanding Hungarian hospitality.

A diverse equestrian programme will showcase, among others, four-in-hand-driving, nomad warrior archery, Queen Elisabeth's equestrian show in contemporary costume, and 'Pusztafive'. After the programme the guests are invited to take part in a pleasant coach trip through the woods as well as visit the Lázár Equestrian Park.

Lunch will be served at the farm.

Saturday, 6 July 2019 - Sight-seeing tour of Budapest (half day)

min 20 persons^{*)}

EUR 35,-

(incl. transfer and entrance fees)

Budapest is a truly cultured, truly European City – with the Danube, the ring boulevards, the many eclectic and revival buildings it is pearl of Europe. It had preserved the old, human quality of days gone by better than many other cities, where development has swept the past away – like a Sleeping Beauty still hidden from the eyes of Europe.

Heroes square with Vajdahunyad castle, Andrassy avenue, Parliament, St Stephen Basilica, Buda Castle District with Matthias Church and Fishermen's bastion.

Saturday, 6 July 2019 - Wine-tasting tour around Budapest (half day)

min 20 persons^{*)}

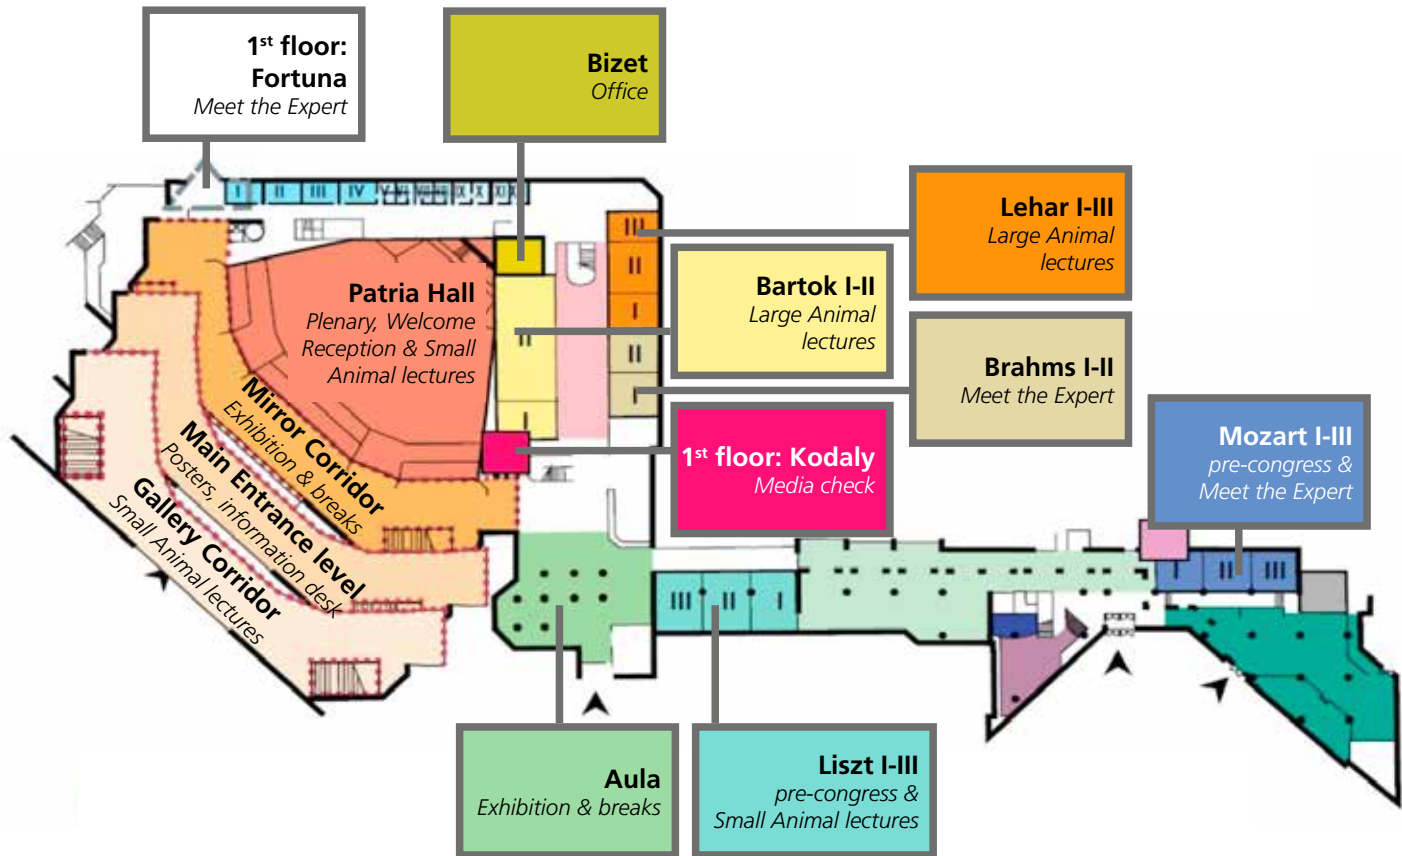

EUR 65,-

(incl. transfer, entrance fees and lunch)

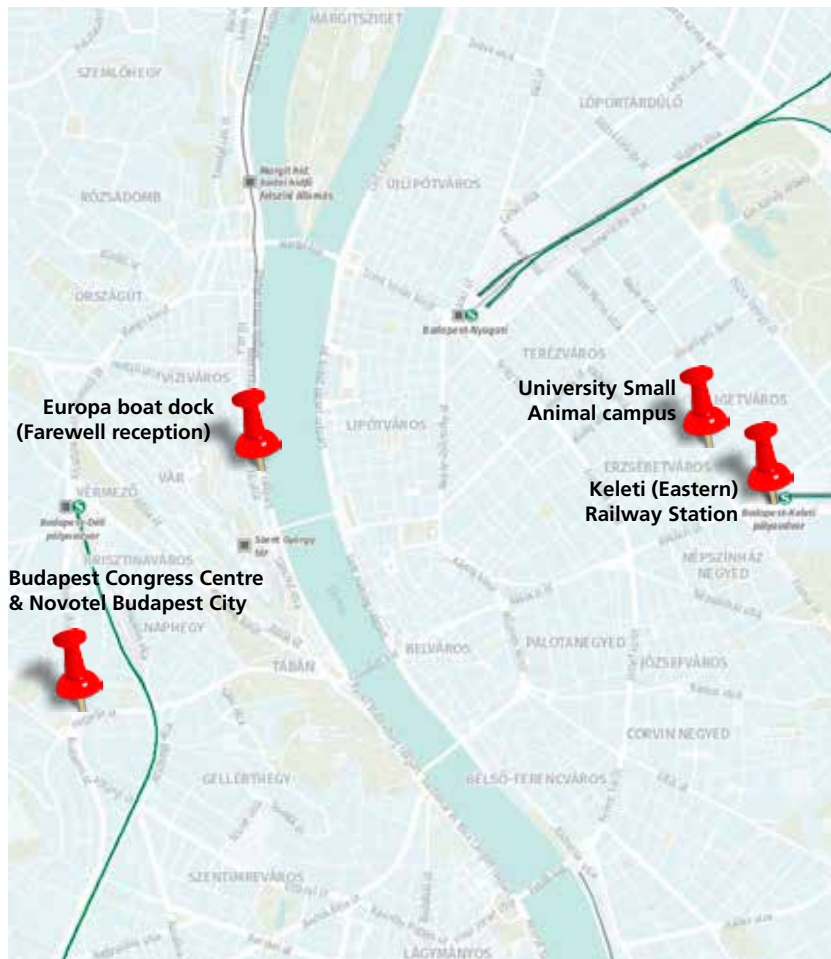

Etyek is the vineyards of Budapest. Since the Roman Empire grapes have been grown in this region. Records from the 13th century certify that wine was being produced here in the Buda mountains. The vineyards flourished and grape growing became a main source of livelihood for the people living here. Today, the wine growing region stretches south of Buda, with the small village of Etyek being one of the main wine producing areas. The climate is a little cooler here, which favors the production of white wines and sparkling wines. Fresh, fragrant and elegant white wines are also produced here with increasing success.

The tour takes us to two different vineyards - Hernyák, located in one of the most beautiful parts of Etyek, the Őrreghegy (Old Hill), and Etyeki Kúria, the leading winery of the region.

^{*)} Please note that any tours with fewer than the indicated minimum booked will be cancelled by 27 June 2019 and the full cost will be reimbursed to you.

Plan of Sites

Practical Information

Budapest Congress Centre BCC
Jagelló út 1-3
1123 Budapest

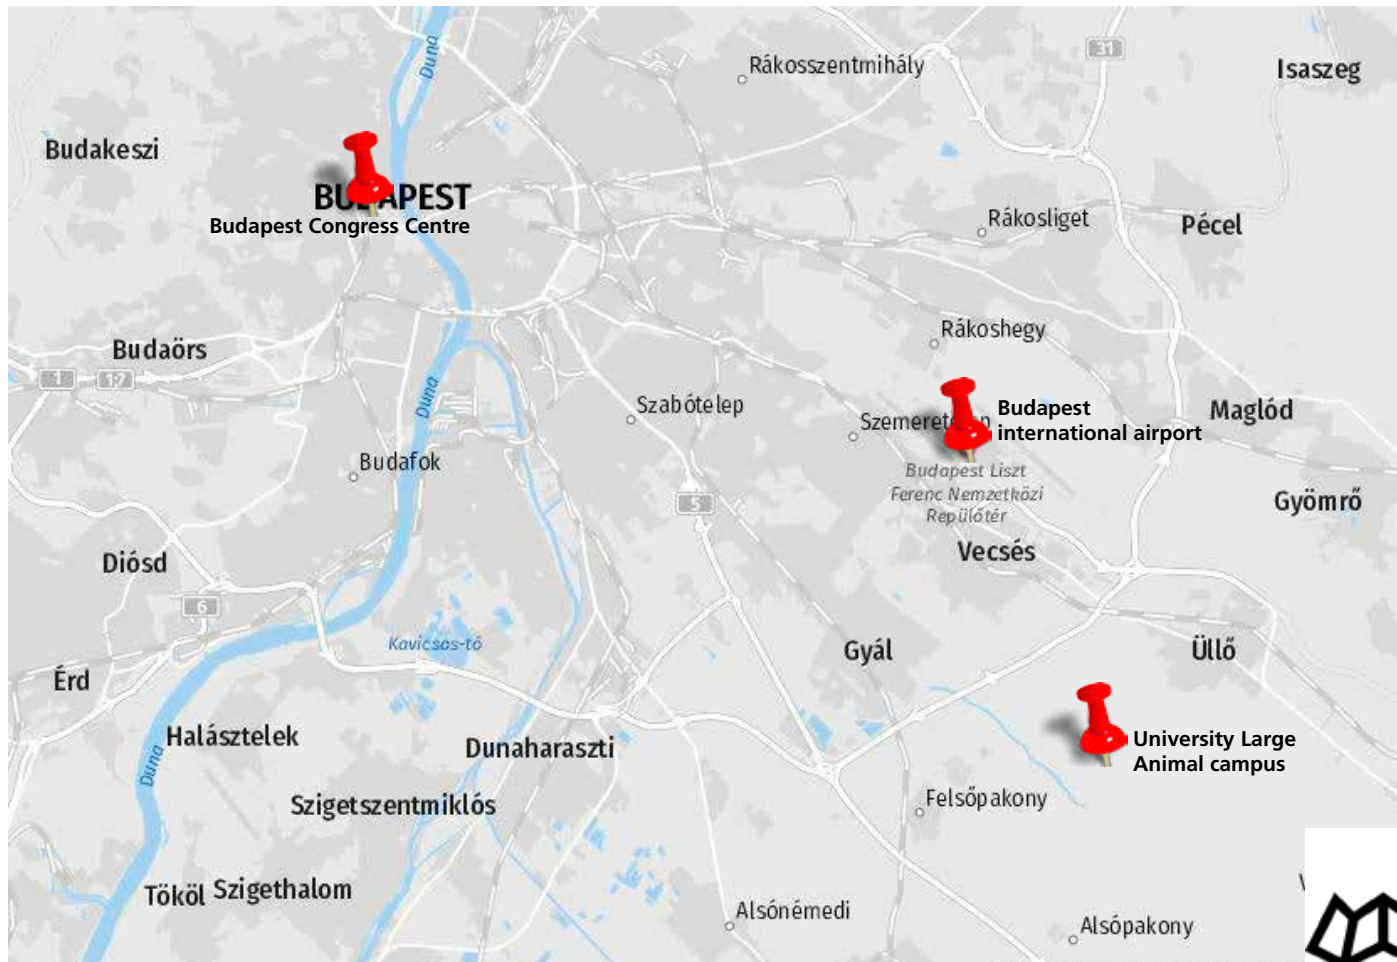

University Small Animal Campus
(pre-congress courses)
István utca 2
1078 Budapest
Shuttle buses from the BCC to / from the campus will be provided for pre-congress course participants

University Large Animal Campus
(pre-congress courses, map on next page)
Dóra Farm property
2225 Üllő
Shuttle buses from the BCC to / from the campus will be provided for pre-congress course participants

Europa boat dock
(Saturday evening farewell reception)
Szilágyi Dezső Square, Dock 1
Please also see further important information on the farewell dinner two pages down.

Plan of Sites

Important Information about the Saturday Evening Farewell Dinner

This year's Saturday evening event will take us on a cruise on the Danube - just in time to see dusk setting on the river and the city's iconic sights lit up against the night sky.

Our boat - the *Europa* - will depart from its dock (Szilágyi Dezső Square, Dock 1) at 20:30, ***so please make sure to be there in time so you won't be left behind!***

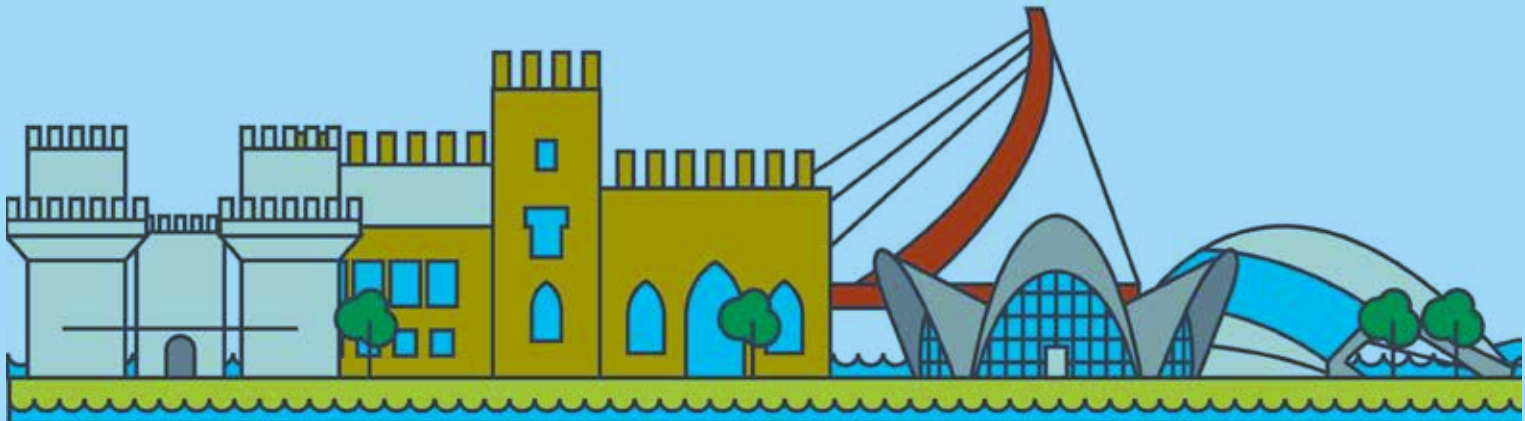

We will cruise for approx. 1.5 hours, during which it will not be possible to leave the boat. After returning to the dock at approx. 22:00, the *Europa* will remain docked for the remainder of the evening, so the party can continue and you can leave at your own convenience any time after that.

Shuttle buses will run from the BCC to the dock after the closing session as well as back to the BCC after 22:00. Please check the schedule on our congress app or on location with the Office.

Shuttles will only be provided from and to the BCC and Novotel Budapest City, no other destinations.

Save the Date: July 2-4, 2020

29th Annual Scientific Meeting, Valencia, Spain
