Introduction to Non Vascular Stenting Techniques

Wednesday, 6 July, 09:00-13:00

Sponsored by Infiniti Medical

INFINITI™

Species: Small Animal

Course type: Dry lab

Content: Lectures & hands-on dry lab covering applications of tracheal, urethral & ureteral stenting.

Objectives: The goal of this course is to introduce the participants to the equipment and techniques necessary to perform these procedures. The lecture will present indications, proper patient selection and follow-up care in patients. Case examples will be used to elaborate. A hands-on lab will follow in which participants will have opportunity to familiarise themselves with the equipment & place stents in a dry-lab format.

Following completion of the course, attendees should feel confident with these procedures & have an understanding of their various applications.

Course schedule:

- 08:30 Registration
- 08:45 Lecture - Tracheal & urethral stenting
- 10:45 Break
- 11:00 Ureteral stenting & nephrostomy
- 11:40 Practical (dry lab)
- 12:30 Close

Lecturer: Bill Culp, VMD, DACVS

Number of participants: min. 5, max. 20

Participation fee (€)

before 12 May 2022
Diplomates and non-members € 400, ECVS Residents € 300

from 13 May 2022
Diplomates and non-members € 500, ECVS Residents € 375
