Tracheal, Urethral, Ureteral Stenting & Nephrostomy

Thursday, 6 July, 08:30-12:00

Sponsored by Infiniti Medical

INFINITI™

Species: Small Animal

Course type: Dry lab

Content: Lectures & hands-on dry lab covering applications of tracheal, urethral & ureteral stenting.

Objectives: The goal of this section is to introduce the participants to the equipment and techniques necessary to perform these procedures. The lecture will present indications, proper patient selection and follow-up care in patients. Case examples will be used to elaborate. A hands-on lab will follow in which participants will have opportunity to familiarise themselves with the equipment & place stents in a dry-lab format.

Following completion of the course, attendees should feel confident with these procedures & have an understanding of their various applications.

Course schedule:

- 08:30 Registration
- 08:40 Lecture - Tracheal & urethral stenting
- 10:30 Break
- 10:40 Ureteral stenting & nephrostomy
- 11:40 Practical (dry lab)
- 12:30 Close

Lecturer: tbc

Number of participants: min. 5, max. 20

Participation fee (€) until 11 May 2023
Diplomates and non-members € 350, ECVS Residents € 260

from 12 May 2023
Diplomates and non-members € 400, ECVS Residents € 300
