

Dubai Equine Hospital, Dubai, United Arab Emirates

Looking for an Equine Surgeon to join our hospital in Dubai.

Dubai Equine hospital is situated in the heart of the Equine industry in the UAE, with a caseload comprised predominately of racing thoroughbred and Arabian endurance horses. The hospital is well-equipped with general, orthopaedic theatres and a standing surgery suite. A full complement of surgical instruments is available to cover the caseload which comprises of elective surgeries typical of horses in training and a large emergency caseload of colics, fractures and ophthalmic surgeries.

You will join a team comprised of two full time ECVS diplomates, one ACVS diplomate and an ACVIM diplomate. In addition, the hospital has a full-time orthopaedic clinician who covers elective lameness investigations, six interns and three anaesthesia technicians.

Generous remuneration package offered commensurate with experience.

For confidential enquires/questions please contact Craig Osborne (craig.o@dubaiequine.ae) or Jose Arevalo (jose.a@dubaiequine.ae).

Applications to craig.o@dubaiequine.ae, applicants should include CV, cover letter and three references with contact details. Applications accepted until the position is filled.
