

# WE ARE SEEKING LARGE ANIMAL & EQUINE SURGEONS

*in St Kitts!*

## The Position:

The successful applicant will work alongside two additional DipACVS/ECVS and specialists in internal medicine, theriogenology and anesthesia. They will provide didactic and practical skills training to veterinary preclinical students in large animal/equine surgery as well as other laboratories associated with Essential Veterinary Skills. Classroom and laboratory teaching of veterinary professional students is estimated to constitute about 70% of professional effort. The remainder will be divided between research and institutional service. An active research program will be expected, and the institution has clear strategy and funding in four areas of research emphasis.

## The Candidate:

- DVM or equivalent is required
- Board certification in Large Animal/Equine Surgery *preferred* (ACVS/ECVS)
- Preference will be given to candidates with a DVM and PhD
- Ideally candidates will have experience or interest in employing innovative teaching methods
- Experience in teaching in a University environment in an AVMA accredited school or equivalent is *preferred*
- Excellent interpersonal communication skills
